Nicole,

I take this all this back....there will be a second chemist on this case....Peter Piro. You will need to send him a summons.

Sorry for all the confusion!

Elisabeth

Nicole,

I assigned these samples to Annie Dookhan today. She will be the only chemist on the case so you do not have to summons another chemist.

Let me know if you need anything else!

Thanks,

Elisabeth

Hi Nicole,

The police have not yet returned this case back to the lab. While I can appreciate the time pressure that you are under, there is no guarantee that any results will be available by November 7th, even if the samples are resubmitted today.

That being said, I will be assigning this case to another chemist in lieu of Stacey and when I know who that is I will notify you immediately.

Hopefully Boston PD will bring these samples in today and we can begin to move forward. If oyu have any questions please do not hesitate to call me directly at 617-983-6622.

Thank you,

Elisabeth O'Brien

Dear Annie,

Attached please find a summons for your appearance at trial in Superior Court on November 16, 2011. I tried to get a later date so that the drugs can be retested without expedition, but Judge Donovan gave me nothing.

The above drugs were originally tested by you and Stacey. Since Stacey is no longer with the office, Julianne Nassif approved retesting of the drugs. I'm not sure if you will be able to just retest the whole thing alone. If not, please advise me who the other chemist is, as I'll have to notify defense counsel and send a summons for his/her appearance on the 16th of November. Couple questions:

1. Did the police bring the drugs back to you yet?
2. Can you get the bench notes to me by November 7th?

This is kind of a messy rush... I apologize. Let me know your status. Thanks again.

Sincerely,

Nicole B. Cordeiro
